### **300 Holland & Holland (H&H) Magnum Load Data - Nosler**

The .300 Holland & Holland Magnum was designed by U.K. manufacturer H&H in 1925. The .300 H&H Magnum is based off the .375 H&H Magnum. Holland & Holland kept the patent on the .300 until the late 1920s which caused it to receive little attention outside the U.K.

### **.300 H&H Magnum Ballistics GunData.org**

The .300 H&H is one cartridge that works best with the hotter ignition of a magnum primer. Powders with burn rates equal to or slower than 4350 will generally yield good results.

### **300 H&H Magnum Extreme Custom Ammo**

I have purchased used 375 H&H brass and resized it down to 300 H&H. The rifle doesn't care about the head stamp on the cartridge. Just that it is sized right and feeds properly when loaded. My go to load is 165 gr Barnes TSX, with 71.0 grains of Reloader 22. Not the hottest load but performs very nicely in my 1952 Model 70.
