Comedy Characters: 15 male, 10 female, extras, plus 6 musicians. Various interior and exterior sets or unit set. This recent hit in London is a free adaptation of the 19th century farce by Johann Nestroy that provided the plot for Thornton Wilder's *The Merchant of Yonkers*, which led to *The Matchmaker*, which led to *Hello, Dolly*. The story is basically one long chase, chiefly after two naughty grocer's assistants who, when their master goes off on a binge with a new mistress,

This handbook is a joint publication of Collegium Budapest and the Social Science Information Centre. Thirty countries reported on the development and current state of three social science disciplines--economics, political science and sociology--in Central and Eastern European countries. Solid analyses by East European experts provide up-to-date overviews of the three social sciences.

Up-to-date information on enrollments, tuition and fees, academic programs, campus environment, available financial aid, and much more, combine to make 27th edition of *Profiles of American Colleges America* 's most authoritative source for information on colleges and universities. College-bound students, parents, and high school guidance counselors will find information on more than 1,650 accredited four-year colleges across the United States. A CD-ROM enclosed with each copy of this comprehensive directory presents an interactive format and lets students find individual schools by entering specific criteria. In addition to the above-cited information, each college profile gives details on admission requirements, library and computer facilities, athletic facilities, extracurricular activities, e-mail addresses, fax numbers, web sites, and more. Schools are rated according to Barron 's famous competitiveness scale, from " Noncompetitive " to " Most Competitive. " The book 's extra section of tinted pages presents a complete, quick-reference Index of College Majors—listing all available major study programs at each school. Also profiled are many of the best-known colleges in Canada and several other countries.

"The essays in this book think through and with Deleuzian concepts in the educational field. The resultant encounters between concepts such as multiplicity, becoming, habit and affect and Multiple Literacies Theory exemplify philosophically inspired and productive thinking. "—Paul Patton, Professor of Philosophy, University of New South Wales
