~~Over 1,200 years old, 500 miles long, and rich with tradition and sacred history: Embark on the trip of a lifetime with Moon Camino de Santiago. Inside you'll find: Strategic trekking guides for walking the Camino, including where to start to get the Compostela certificate and excursions to gateway cities like Santiago, León, and Pamplona Unique ideas for enriching your experience: Admire folkloric art and Romanesque churches, stroll through the stone archways and winding alleys of medieval cities, and soak up mountain views as you cross over the Pyrenees and descend into green valleys. See the archaeological site where Europe's oldest humans were uncovered and breathe in the salty ocean air as you finish your journey at the shores of the Atlantic Savor the local flavors: Enjoy authentic jamón serrano, tapas, and Galician wine, or grab fresh cheese and bread for a picnic lunch The best detours, festivals, and villages along the way: Linger in Estella, witness the running of the bulls in Pamplona, visit the monastery in Nájera, or sip wine in Cacabelos Essential planning information on when to go, how to get there, where to eat, and where to stay, from pilgrim dorms to private hotels, plus tips on hazards, precautions, and gear Valuable insight on the history and context of the pilgrimage from expert Beebe Bahrami, who has walked the Camino many times since 1995 Full-color photos and detailed maps throughout, plus a handy fold-out map of the entire route Thorough background information on the sacred sites and history of the Camino, as well as the landscape, culture, and local etiquette Handy tools including Spanish and French phrasebooks, visa information, volunteer opportunities, and tips for seniors, women traveling alone, religious and secular travelers, and LGBTQ travelers Start your transformative journey with the expert insight, unique suggestions, and practical advice of Moon Camino de Santiago.~~

~~This guidebook describes the Camino del Norte and Camino Primitivo pilgrim routes to Santiago de Compostela in northwest Spain. The 820km Camino del Norte follows the coast from Irún, on the French border, through Bilbao and takes about 5 weeks to complete. The 355km Camino Primitivo splits off from the Camino del Norte near Villaviciosa and passes through Oviedo and Lugo en route to Compostela. It takes roughly 2 weeks to walk. This book also includes an overview of a continuation route from Santiago to Finisterre on the coast. Physically demanding, but not difficult, the caminos are best walked from late spring to autumn. The guidebook is broken into stages of between 15 and 35km, most of which end in a town or village with a pilgrim albergue. There is indispensable information on facilities, food and lodging, 1:100,000 scale maps of the route and town maps for key locations. With notes on preparation and planning, travel and equipment, a list of useful sources of information, and a glossary, the book provides all you need to know to walk the camino. Santiago de Compostela, whose cathedral houses the relics of St James, was one of three major centres of Catholic pilgrimage in the Middle Ages. In modern times the Caminos de Santiago have seen a resurgence in popularity, drawing walkers for all sorts of reasons. Passing through the Spanish regions of the Basque Country, Cantabria, Asturias, and Galicia, the northern caminos are popular enough to offer sufficient facilities, clear routes, and a community of pilgrims, without suffering the overcrowding of the Camino Frances.~~

~~This book was born from the idea of ??providing useful advice and suggestions to those who are about to embark on the Camino de Santiago for the first time. I walked them all: in 2006 the Camino Francés, from St. Jean Pied-de-Port to Fisterra, in 2008 the Via de la Plata from Seville, in 2010, the Jacobean holy year, the Camino Primitivo from Oviedo and the stage from Fisterra to Muxía, in 2012 the Camino del Norte. I put the figures in a column, I try to add them. Three thousand kilometers, exactly, on foot. I got some information from the Internet, I checked it by comparing it with my personal experience, I tried to provide a complete and updated report. In this book you will find: - a historical-religious introduction on the figure of St. James and the origin of the pilgrimage; - an overview of the routes to Santiago today; - detailed advice on which Way to choose and how far to go per day; - a small glossary of the most frequent terms: albergue, botafumeiro, Compostela, credential, donativo, sello, ...; - how to prepare for the Way: how much to train and how, where to find information, the most up-to-date websites and the best apps, how to book the flight, what are the average daily costs; - which shoes to use; - how to prepare the backpack: what things are necessary and what are superfluous; - the symbols and rituals along the Way, in Santiago and in Fisterra; - the new ways of accessing the Portico of Glory, after a decade of delicate restorations. From time to time, I inserted short passages taken from the diaries I wrote, to give the sense of the pilgrimage, the scent of encounters, the flavor of the extraordinary emotions experienced. Enjoy the reading and buen camino!~~

~~Los Caminos de Santiago, olvidados durante algún tiempo, están experimentando un renacimiento, desde hace varias décadas. Una historia de más de mil años es la fuente de muchas narraciones pintorescas y Hanna Stefaniak, autora de este libro, crea un ameno e instructivo relato de todos los Caminos que conducen a Santiago, transmitiendo la atmósfera del Camino y la fascinación de la ruta, única en su tipo. Sabías que... • Cervantes introdujo en Don Quijote pasajes relacionados con el Camino. • El bordón (bastón del peregrino) podía servir también como instrumento musical y astrolabio que muestra la dirección del Camino. • El~~

permiso para fabricar la concha de azabache plomo y estaño fue otorgado por el papa solo a artesanos pertenecientes al gremio. Caminos de Santiago presenta el amplio y extraordinario trasfondo histórico y legendario del Camino, y está dirigido a personas interesadas en la historia de Europa y España, a aquellos que planean un viaje por este sendero de más de mil años, o los que ya lo realizaron y, por supuesto, a aquellos que prefieren viajar por el Camino, sin salir de su casa.

Un completo análisis de los sectores de la distribución y producción de gran consumo. Estudio de los sectores alimentarios y de sus canales de distribución: hipermercados, supermercados, discount, cash & carries...

- Seconda edizione, anno 2020: Sono stati rivisti i link ed è stata aggiunta una breve descrizione delle app relative ai cammini, con una disamina dei contenuti e della facilità o meno d'utilizzo. Si fa un gran parlare del cammino di Santiago. Molti l'hanno percorso, tutto o in parte, tanti vorrebbero partire per farlo. Quasi sempre si usa il singolare, ma è il plurale ad essere più adatto. Infatti, i cammini di Santiago sono una sorta di ragnatela che copre l'intera Spagna, coi fili impalpabili che l'attraversano da parte a parte, magari per mille chilometri e più, fino a convergere all'estremo nord-ovest, nel punto d'incontro del mar Cantabrico con l'oceano Atlantico. Numerosi sono i cammini. Tra i più conosciuti e frequentati: il francés, che ha inizio a Saint Jean Pied-de-Port, prima tappa a Roncisvalle, sviluppo di 780 chilometri percorribili in un mese circa di cammino; la via de la plata, di sicuro la più solitaria e la più suggestiva, da Siviglia, mille chilometri giusti giusti, un sogno ad occhi aperti; il primitivo, col profumo intenso del bosco e delle montagne, temuto per i forti dislivelli di alcune tappe; quello del norte, più una carretera che un cammino, tanto asfalto, troppo, che massakra le gambe. Nel giro di sei anni li ho percorsi tutti: quasi tremila chilometri a piedi. Mi hanno dato tanto. Quello che sono adesso lo devo a loro. I cammini sono ben segnalati. Le flechas amarillas sono le compagne fidate dei viandanti in terra di Spagna. In certi luoghi, tuttavia, le indicazioni latitano. Di solito all'uscita delle grandi città. Talvolta sono confuse e contraddittorie. Per evitare di perdersi è opportuno utilizzare gli strumenti messi a disposizione dalla tecnologia, in particolare GPS e smartphone. Anche se perdere la strada può rivelarsi istruttivo. Persino utile in qualche caso. La guida presente non descrive i cammini. Per questo esistono in commercio svariate pubblicazioni. Una porta la mia firma, s'intitola "Il ladro di passi". È il racconto dei primi tre pellegrinaggi, un diario on the road carico delle emozioni che la via quotidianamente regala. Questo vuol essere un agile manualetto, che illustra in dettaglio l'utilizzo dello smartphone lungo il percorso. Magari per poterlo gustare con maggior serenità. In pienezza. Le indicazioni fornite valgono per il sistema operativo Android.

The road across northern Spain to Santiago de Compostela in the northwest was one of the three major Christian pilgrimage routes during the Middle Ages, leading pilgrims to the resting place of the Apostle St. James. Today, the system of trails and roads that made up the old pilgrimage route is the most popular long-distance trail in Europe, winding from the heights of the Pyrenees to the gently rolling fields and woods of Galicia. Hundreds of thousands of modern-day pilgrims, art lovers, historians, and adventurers retrace the road today, traveling through a stunningly varied landscape which contains some of the most extraordinary art and architecture in the western world. For any visitor, the Road to Santiago is a treasure trove of historical sites, rustic Spanish villages, churches and cathedrals, and religious art. To fully appreciate the riches of this unique route, look no further than The Pilgrimage Road to Santiago, a fascinating step-by-step guide to the cultural history of the Road for pilgrims, hikers, and armchair travelers alike. Organized geographically, the book covers aspects of the terrain, places of interest, history, artistic monuments, and each town and village's historical relationship to the pilgrimage. The authors have led five student treks along the Road, studying the art, architecture, and cultural sites of the pilgrimage road from southern France to Compostela. Their lectures, based on twenty-five years of pilgrimage scholarship and fieldwork, were the starting point for this handbook.

Quest'opera nasce dall'idea di fornire utili consigli e suggerimenti a chi si accinge per la prima volta a intraprendere i cammini di Santiago. Li ho percorsi tutti, a piedi: nel 2006 il Francés, da Saint-Jean-Pied-de-Port a Fisterra, nel 2008 la via de la Plata da Siviglia, nel 2010, anno santo giacobeo, il Primitivo da Oviedo e la tappa da Fisterra a Muxía, nel 2012 il cammino del Norte. Metto in colonna le cifre, provo a sommarle. Tremila chilometri, tondi tondi. Ho tratto alcune informazioni dalla rete, le ho verificate confrontandole con la mia esperienza personale, ho cercato di fornire un quadro completo e aggiornato. In questo libro troverai: - un'introduzione storico-religiosa sulla figura di San Giacomo e sull'origine del pellegrinaggio; - una panoramica sui cammini di Santiago al giorno d'oggi; - consigli dettagliati su quale cammino scegliere e quanta strada fare al giorno; - un piccolo glossario dei termini più frequenti: albergue, botafumeiro, Compostela, credenziale, donativo, sello,...; - come preparare il cammino: quanto allenarsi e in che modo, dove ricercare informazioni, i siti più aggiornati e le migliori app, come prenotare il volo, quali sono i costi medi giornalieri; - quali scarpe utilizzare; - come preparare lo zaino: quali sono le cose necessarie e quali superflue; - i simboli e i riti del cammino lungo la strada, a Santiago e a Fisterra; - le nuove modalità di accesso al Portico della Gloria, dopo un decennio di delicati restauri. Ho inserito, ogni tanto, brevi brani tratti dai diari che ho scritto per dare il senso del pellegrinaggio, il profumo degli incontri, il sapore delle straordinarie emozioni vissute. Buona lettura. Ultraia!
