Celtic Empire : Dirk Pitt #25. A deadly collision puts Dirk Pitt on the trail of an ancient mystery stretching back thousands of years . . . When a rogue cargo freighter strikes an oil tanker in the Detroit River, the oil spill is the worst marine disaster in years.

Clive Cussler, "The Grand Master of Adventure," sends his intrepid heroes Dirk Pitt and Al Giordino on their wildest, boldest mission into the ancient world, unlocking extraordinary secrets and solving hideous crimes in the twenty-fifth novel in the most beloved series from the #1 New York Times-bestselling author. The murders of a team of United Nations scientists in El Salvador...A deadly collision in the waterways off the city of Detroit. . . An attack by tomb raiders on an archaeological site along the banks of the Nile...Is there a link between these violent events? The answer may lie in the tale of an Egyptian princess forced to flee the armies of her father three thousand years ago. During what was supposed to be a routine investigation in South America, NUMA Director Dirk Pitt finds himself embroiled in an international mystery, one that will lead him across the world and which will threaten everyone and everything he knows--most importantly, his own family. Pitt travels to Scotland in search of answers about the spread of an unknown disease and the shadowy bioremediation company that may be behind it. Meanwhile, his son and daughter face a threat of their own when the discoveries they have made in an Egyptian tomb put killers on their trail. These seemingly unrelated riddles come together in a stunning showdown on the rocky isles of Ireland, where only the Pitts can unravel the secrets of an ancient enigma that could change the very future of mankind.

Another fabulous read featuring heroes Dirk Pitt and Al Giordano from the most beloved series from the #1 New York Times-bestselling grand master of adventure Clive Cussler. The next adventure featuring NUMA Director Dirk Pitt.

Oceanic explorers Dirk Pitt and Al Giordino find intrigue, adventure, and peril while collecting clues to the mysterious treasure of Xanadu, the famed capital of Kublai Khan's empire. When Dirk Pitt is nearly killed rescuing an oil survey team from a freak wave on Russia's Lake Baikal, it appears a simple act of nature. But when the survey team is abducted and Pitt's research vessel nearly sunk, it becomes clear this is no run of bad luck, but the influence of something, or someone, more sinister. In fact, Pitt and the NUMA crew have inadvertently stepped between a Mongolian tycoon and his plans to corner the global oil market, beginning with covert negotiations in China. To ensure the deal goes through, this mysterious businessman will encourage ever-escalating acts of sabotage and violence. Pitt and Giordino soon learn the magnate's fury and his power both stem from the same source: a dark secret about Genghis Khan, the greatest conqueror the world has ever known. To Pitt and Giordino the famed Khan's empire is nearly the stuff of legend and his tomb a forgotten mystery. But the Khan's legacy is very real. And it's the treasure of his grandson Kublai Khan that holds the key to stopping this modern-day oil baron from restoring the conquests of his ancestors. That is, if Pitt and Giordino get there first....

A Luftwaffe ace, a Nazi war criminal, a beautiful and untrustworthy brunette, and a deadly billion-dollar cargo become the objects of a desperate search as Dirk Pitt matches wits with the elusive leader of an international smuggling ring.

Dirk Pitt—"oceanography's answer to Indiana Jones"*—responds to a Mayday signal from a deserted ship and gets drawn towards a deadly Cold War secret in this thriller in Clive Cussler's #1 New York Times-bestselling series. Dirk Pitt, the director of the National Underwater and Marine Agency, is on the Black Sea, helping to locate a lost Ottoman shipwreck, when he responds to an urgent Mayday—"Under attack!"—from a nearby freighter. But when he and his colleague Al Giordino arrive, there is nobody there. Just dead bodies and a smell of sulfur in the air. As Pitt and Giordino explore, a blast from the stern scuttles the ship swiftly, almost taking them with it. The more the two of them search for the secret of the death ship, the deeper they descend into an extraordinary series of discoveries. A desperate attempt in 1917 to preserve the wealth and power of the Romanov Empire. A Cold War bomber lost with a deadly cargo. A brilliant developer of advanced drone technology on an unknown mission. Modern-day nuclear smugglers, determined Ukrainian rebels, a beautiful anti-terrorism agent from Europol—all will combine to present Pitt with the most dangerous challenge of his career. And not only Pitt. His two children, marine engineer Dirk and oceanographer Summer, are exploring a mysterious shipwreck of their own, when they are catapulted into his orbit. The three of them are used to perilous situations—but this time, they may have found their match.

Husband-and-wife treasure hunters Sam and Remi Fargo run afoul of a dangerous dictator in this adventure in the #1 New York Times-bestselling series. While scuba diving in Tanzania, Sam and Remi Fargo come upon a relic belonging to a long-lost Confederate ship. An anomaly about the relic sets them off chasing a mystery—but unknown to them, a much more powerful force is engaged in the same chase. Mexico's ruling party, the ultranationalist Mexica Tenochca, is intent on finding that artifact as well, because it contains a secret that could destroy the party utterly. Through Tanzania and Zanzibar, into the rainforests of Madagascar, and across the Indian Ocean to Indonesia and the legendary site of the 1883 Krakatoa explosion, the Fargos and their ruthless opponents pursue the hunt—but only one can win. And the penalty for failure is death.

Juan Cabrillo and the Oregon crew's search for missing NASA technology leads to a globe-trotting adventure in this novel in the #1 New York Times-bestselling series. On December 7, 1941, five brothers exploring a shaft on a small island off the coast of Washington state make an exciting discovery, only to be interrupted by news of Pearl Harbor. In the present, Cabrillo, chasing the remnants of a crashed satellite in the Argentine jungle, makes a shocking discovery of his own. His search to untangle the mystery leads him first to that small island and its secret, and then much further back, to an ancient Chinese expedition, and a curse that seems to have survived for over five hundred years. If Cabrillo's team is successful in its quest, the reward could be incalculable. If not...the only reward is death.

Sailing up the furthest reaches of the Amazon on assignment for the British Secret Service, Alex Hawke is captured by a brutal tribe of indigenous cannibals. Forced into slave labour, he witnesses the unimaginable: vast armies are being recruited and trained deep within the Amazonian jungle. Possessing weapons only dreamed of by the Western allies, their aim is to launch a vicious jihad that will unite one continent - and destroy another. Somehow Hawke must escape his captors and live to tell the tale. From black magic, poison-tipped arrows and blowguns to an awesome arsenal of the most advanced military hardware, Hawke faces insurmountable odds as he searches for a river with no name in a quest to seek out and destroy a lawless mastermind who threatens the West's very existence.
