An extensive working vocabulary is a prerequisite for test-taking success on the Graduate Record Exam. This book presents 800 graduate-level words with definitions that frequently appear on the exam. Words are used in different contexts to familiarize test takers with their many variations. The book's additional features include a pre-test that helps to diagnose weaknesses, a lengthy word list with extensive practice exercises, and a chapter that discusses and analyzes essential word roots. The book concludes with a post-test to assess progress. Answers are provided for all exercises and for all questions in the pre- and post-test.

Kaplan's GRE Math Workbook includes more than 1,000 realistic practice questions to help you get comfortable and confident with the Quantitative section of the test. We're so confident that GRE Math Workbook offers all the practice you need to excel on the GRE that we guarantee it: After studying with our book, you'll score higher on the GRE—or you'll get your money back. The Best Practice More than 1,000 practice questions and drills, including new questions for this edition 6 full-length Quantitative Reasoning practice sets Diagnostic tool for even more targeted Quantitative practice Review of crucial math skills and concepts, including arithmetic, algebra, data interpretation, geometry, and probability Key strategies for all Quantitative Reasoning question types An advanced practice section for those aiming for a very high score Expert Guidance We know the test: The Kaplan team has spent years studying every GRE-related document available to ensure our practice materials are true to the test Our books and practice questions are written by veteran GRE teachers who know students—every explanation is written to help you learn We invented test prep—Kaplan (www.kaptest.com) has been helping students for 80 years, and our proven strategies have helped legions of students achieve their dreams

"This manual's new edition offers prospective graduate students intensive preparation for the GRE Graduate Record Exam. Opening chapters provide a perspective on the exam with a GRE overview, advice on effective test-taking tactics, and a diagnostic test to help students pinpoint their strengths and weaknesses. Subsequent chapters review all GRE test areas and include practice exercises for the following topics: antonym, analogy, and sentence-completion questions, reading comprehension, vocabulary, analytical writing, discrete quantitative questions, quantitative comparison questions, data interpretation questions, and math. The math review includes questions in arithmetic, algebra, and geometry. The manual's concluding section presents five full-length model exams that reflect recent GREs in length, question types, and degree of difficulty. All questions are answered and explained."--Publisher's description.

Manhattan Prep's GRE Vocabulary Flash Cards go above and beyond other GRE flash cards on the market. Designed help the student develop a lasting understanding of the word in a GRE-relevant context, the backs of all cards contain a word "network" with definitions, usage, synonyms, and more! 500 Essential Words is the first in a 2-volume set of GRE flash cards—start with essential words and graduate to advanced vocabulary. Together, the sets comprise the most comprehensive vocabulary study tool on the market.

If it's on the verbal or analytical writing sections of the GRE, it's in this book! Verbal Workout for the GRE, 4th Edition is completely updated for the August 2011 changes to the GRE exam. Comprehensive and engaging, it includes:

- Nearly 600 practice and quiz questions (each linked to answers & explanations for easy on-device viewing)
- Efficient review for the verbal section, with coverage of text completions, reading comprehension, sentence equivalence, and analytical writing
- Extensive vocabulary review with our "Hit Parade" lists, including the words that appear most frequently on the GRE
- Helpful strategies that teach you effective pacing and guessing

The verbal section of the GRE is essentially a vocabulary test. With a few exceptions, if you know the word, you will probably be able to answer the question correctly. Thus, it is crucial that you improve your vocabulary. Even if you have a strong vocabulary, you will still encounter unfamiliar words on the GRE. Many students write off questions, which contain words, they don't recognize. This is a mistake. This book introduces numerous techniques that decode unfamiliar words and prod your memory of words you only half-remember. With these techniques, you will often be able to squeeze out enough meaning from an unfamiliar word to answer a question correctly. Nevertheless, don't rely on just these techniques--you must study word lists. Obviously, you cannot attempt to memorize the dictionary, and you don't need to. The GRE tests a surprisingly limited number of words, and this book has 4000 prime candidates. Granted, memorizing a list of words is rather dry, but it is probably the most effective way of improving your performance on the verbal section. All the words you need for success on the GRE! Features:

- \* 4000 Words Defined
- \* Word Analysis section
- \* 200 Prefixes, Roots, and Suffixes
- \* Concise, practical definitions

"Carefully focused reviews explain and demonstrate the GRE's three new question types and help you achieve a high score. More than 380 example questions with answers provide intensive practice and review for the actual test. Includes one diagnostic test and two full-length verbal practice tests with answers and explanations. Extensive GRE Dictionary lists and defines words that you need to master"--Cover.

Give test takers the extra math help they need with Barron's GRE Math Workbook. It reflects the latest GRE test and includes: A description of the GRE's General Math Exam explaining structure, questions types, and scoring Strategies for problem solving Hundreds of problems and solutions that focus on numbers and number theory, algebra, data analysis, and geometry Two full-length math sample sections structured to reflect the actual exam All questions come with answers and explanations.
