You will encounter some kind of health adversity in life. Doctors can only take you so far. You will have to do the rest yourself. This book is a near comprehensive resource guide to point you in a lot of different directions that might help you in some way. If all of a sudden you get into an accident or get a serious disease, you don't have time to sift through the hundreds of health books at #610 to #619 at the library or cruise the web looking for answers some of which are a massive rip-off. I'll give you a case in point. I was on a holistic cancer website where they give about 25 pages of solid knowledge for free then I went on another one with a ten page sales pitch ending with "Only \$97 and you'll get all these reports about 12 obscure holistic cancer therapies."

With three months remaining of her marriage of convenience, Savannah is ready to say goodbye to her spoiled rich boy of a husband. He's annoying and argumentative and used to always getting his way. Sure, he's hot. And maybe occasionally a little bit sweet. But she doesn't want to stay married to him. Not at all. He needed a wife for a year so he could inherit his grandmother's fortune, and she needed to pay off her family's debts. That's all their marriage has ever been about. So she really needs to stop falling into bed with him.

Chuck Kohler frequently attends meetings of the Pearl Harbor Survivors and Sons & Daughters, Chapter 5, Contra Costa Co., California and the annual Mount Diablo Memorial Beacon Lighting Pearl Harbor Remembrance on December 7th. Second to none, Chuck is another amazing, generous and honorable member of "The Greatest Generation".
