## And Supply Chain Manag

The field of

# Access Free Global Logistics

Until recently, logistics was barely considered in long-term plans, but its strategic role is now recognised and lies at the heart of long-term plans in almost every business.

Reasons for this  
change include:

communications  
and information  
technology offer  
new

opportunities;  
world trade

grows;  
competition  
forces

operations to  
adopt new
