Abstract. This following are partial solutions to exercises on Differential Topology, Guillemin and Pollack, written concurrently as I took the graduate geometry and topology class at the Uni-versity of California, Los Angeles. Since I have not seen a well-written solution to Guillemin and Pollack's book online, this note might be somewhat ...

Guillemin and Pollack's "Differential Topology" is about the friendliest introduction to the subject you could hope for. You can download it with the link on Prof. I have a hazy notion of some stuff in differential geometry and a better, but still not quite rigorous understanding of basics of differential topology.
