You might think that we parents had learned our lesson once already, but we are sure gluttons for making our kids giggle. Indeed, even though they are Horrible and Gorrible, they certainly are strangely huggable too. The Secret is out! Every Word has to be read. Whether you are singing about noses and toes or trying to contain yourself from the silliness, there is no doubt the fun begun by a book with no pictures will continue on with the Best Book Ever. Goofy parents are happy to oblige their begging kids with the addition of this delightful escape into comedic word play.

This is a maintenance and repair manual for the DIY mechanic. It provides all you need to know about servicing the Citroen 2CV.

The 2-stroke Vespa is a style icon – an undoubted classic, and an immediately recognized symbol of its native Italy. Demand for these stylish scooters is booming, and interest in restoring and renovating them is at an all-time high. With its clear and concise text aided by extensively captioned full color photographs, this practical book guides the DIY enthusiast through all the stages of restoring a classic 2-stroke Vespa, taking it from a rusty unroadworthy wreck back to its factory fresh, former glory. It shows how to assess wear in all mechanical components, then assists in deciding the best and most cost effective method to renovate or repair. Both large and small frame power units are covered in detail, giving the reader confidence to carry out their own repairs to a high standard, which is both satisfying and cost effective. Brakes, suspension, electrical systems and brightwork are all addressed, from changing a bulb to welding in a new floor pan. An essential reference for all Vespa enthusiasts.
