Bust of Tiberius Julius Sauromates II (d. 210 AD), from the Acropolis Museum This is a list of kings of the Cimmerians and later the Bosporan Kingdom.

[List of kings of the Cimmerian Bosphorus - Wikipedia](#)

The Bosporan Kingdom, also known as the Kingdom of the Cimmerian Bosphorus, was an ancient Greco-Scythian state located in eastern Crimea and the Taman Peninsula on the shores of the Cimmerian Bosphorus, the present-day Strait of Kerch. It was the first truly 'Hellenistic' state in the sense that a mixed population adopted the Greek language and civilization. The Bosporan Kingdom became the longest surviving Roman client kingdom. The 1st and 2nd centuries BC saw a period of renewed golden age of t

### Bosporan Kingdom - Wikipedia

Persian King Darius I the Great (r. 522 BC – 486 BC), in an attempt to subdue the Scythian horsemen who roamed across the north of the Black Sea, crossed the Bosphorus, then marched towards the River Danube. His army crossed the Bosphorus using an enormous bridge made by connecting Achaemenid boats.

King of the Bosphorus (Tyrant, #4) by Christian Cameron King of the Bosphorus starts in 311 BC when Funeral Games ends and Satyrus and Melitta believe they are finally ready to take on Eumeles. But Melitta is pregnant, so she is unwillingly confined to bed for a time, while Eumeles and his powerful allies have a King Of The Bosphorus king of the ...

It's time for the twins to go to war, in the riveting fourth installment of this epic historical series They were born in the middle of a battle, into a world at war, and from their first moments of life, twins Satyrus and Melitta were fighting for survival. Their father, a Greek mercenary, was cut down not long after they had taken their first breaths, and their Scythian mother was cruelly murdered when they were still children. But Satyrus and Melitta are children no more. They have learned how to fight, how to love, how to plot, and how to kill. Now it is time to leave their adopted home, the city of Alexandria, and the protection of Alexander the Great's former general, Ptolemy—and seek revenge. Now it is time to go to war.

Satyrus and Melitta, twin heirs to a rich kingdom on the Black Sea, were hounded into exile in funeral games after their mother was brutally murdered by one of their father's former comrades, Heron. Heron now rules the land that is theirs by right, but the twins are older and battle-hardened in the wars of Alexander's Successors. Once they have gathered their forces, nothing will stop them from exacting a terrible revenge ...

This book is about the clash of the Hellenistic world with the Romans, about a late Hellenistic king, a dominant figure of the first century B.C., who refused to accept his inclusion in the Roman sphere of control, and attempted to assert his political independence. A subsidiary theme is the espousal of hellenism by a non-Greek dynasty. The work examines first the early history of Pontus, and then analyses carefully the events of Mithridates Eupator's reign for what they reveal of his foreign policy. Attention is focused on diplomacy, strategy, propaganda, support, rather than on military details. There is no substantial study of Mithridates in English, and really only one in any language - Reinach's famous work of 1890. Since then, new inscriptions and coins have come to light, new methods and approaches devised. This book is intended as a contribution to the filling of a large scholarly gap.

Ruler. Puppet Master. Killer. Glory. Death. Well-born Athenian cavalry officer, Kineas, fought shoulder to shoulder with Alexander in his epic battles against the Persian hordes. But on his return from the east to his native city, he finds not glory but shame - and exile. With nothing to his name but his military skills, Kineas agrees to lead a band of veterans to the city of Olbia, where the Tyrant is offering good money to train the city's elite cavalry. But soon Kineas and his men find they have stumbled into a deadly maze of intrigue and conspiracy as the Tyrant plots to use them as pawns in the increasingly complex power games between his own citizens, and the dread military

might of Macedon. Caught between his duty to the Tyrant, his loyalty to his men and a forbidden love affair with a charismatic Scythian noblewoman, Kineas must call on all his Athenian guile, his flair on the battlefield, and even - he is convinced - the intervention of the gods, to survive.

Pliny's letters sent to Trajan from Bithynia, and Trajan's replies are the only surviving file of letters between a provincial governor and his emperor. The edition makes this record accessible to even those with no knowledge of Latin.

The ancient Greeks traveled widely by sea and founded colonies in far-flung locations. On the north coast of the Black Sea were a number of such Greek settlements, places where the Greeks made contact with the local Scythian population. Greek goods were traded extensively throughout the region, and many of these often-luxurious articles eventually made their way into tombs. From its wealth of such Greek finds from the Black Sea, the State Hermitage Museum in St. Petersburg has lent some 175 Greek objects to an exhibition at the J. Paul Getty Museum at the Getty Villa. This richly illustrated catalogue to the exhibition presents nine essays on the archaeology of the northern Black Sea region and its history, culture, and art, including sculpture, pottery, gems, and jewelry. Written by curators at the State Hermitage Museum, *Greeks on the Black Sea* presents an intriguing world at once Greek and barbarian.

The heroic story of Arimnestos of Plataea continues - a thrilling historical adventure set amid the epic struggle between Greece and Persia - perfect for fans of the blockbusting film 300. Slave, pirate, husband and lover: Arimnestos of Plataea has been many things in the course of his life. But men remember him best as one of the heroes of the Battle of Marathon, the epic victory that prevented all of Greece from falling under the Persian yoke. But now there is a new Great King on the throne, determined to succeed where his father failed. As rumours abound of a vast Persian invasion, an embassy is sent to forestall the threat. Arimnestos is chosen to escort them - an honour he can hardly refuse. But as the storm clouds of war gather and factions on both sides begin to weave their treacherous plots, Arimnestos' journey begins to look more and more like a suicide mission.

The book is devoted to upholding the author's concept of the formation of the state of Russia from the tribes of the Wends who came from the Baltic States, and the autochthonous tribes of the North-Siverts of Sarmatian-Hunnic origin, who had already created a state called the Khazar or Russian Khaganate. The book proves that the Sivertsy northerners are part of the Huns who have always lived in this territory, and it was their language that became the basis of the Russian language.
