A masterpiece of linguistics scholarship, at once erudite and entertaining, confronts the thorny question of how—and whether—culture shapes language and language, culture. Linguistics has long shied away from claiming any link between a language and the culture of its speakers: too much simplistic (even bigoted) chatter about the romance of Italian and the goose-stepping orderliness of German has made serious thinkers wary of the entire subject. But now, acclaimed linguist Guy Deutscher has dared to reopen the issue. Can culture influence language—and vice versa? Can different languages lead their speakers to different thoughts? Could our experience of the world depend on whether our language has a word for "blue"? Challenging the consensus that the fundamentals of language are hard-wired in our genes

and thus universal, Deutscher argues that the answer to all these questions is—yes. In thrilling fashion, he takes us from Homer to Darwin, from Yale to the Amazon, from how to name the rainbow to why Russian water—a "she"—becomes a "he" once you dip a tea bag into her, demonstrating that language does in fact reflect culture in ways that are anything but trivial. Audacious, delightful, and field-changing, *Through the Language Glass* is a classic of intellectual discovery.

" When young James Coomer was offered a job as deckhand on the tugboat *Pat Murphy* at a dollar an hour, he took his first smell of diesel fuel and knew he was hooked. Life on the Ohio puts the reader in the pilot's seat as Coomer wrestles

with runaway barges, navigates through ice and fog, pacifies angry crew members, and contends with the loneliness of working a thirty-day stretch. A modern counterpart to Twain's account of life as a steamboat pilot, *Life on the Ohio* depicts the working river as it is today with its immense towboats, gigantic locks and dams, and millions of tons of cargo. Coomer captures the movement of the boats and the colorful language of river people. Coomer admits that he stuck at his job not for money but for love of the river and his work. "Over the years I had experiences I wouldn't trade for a barge full of gold," he says, "and that's what this book is all about."

Charles Phan from San Francisco's Slanted Door restaurant introduces traditional Vietnamese cooking to home cooks by focusing on fundamental techniques and ingredients. When Charles Phan opened his now-legendary restaurant, The Slanted Door, in 1995, he introduced American diners to a new world of Vietnamese food: robustly flavored, subtly nuanced, authentic yet influenced by local ingredients, and, ultimately, entirely approachable. In this same spirit of tradition and innovation, Phan presents a landmark collection based on the premise that with an understanding of its central techniques and fundamental ingredients, Vietnamese home cooking can be as attainable and understandable as American, French, or Italian. With solid instruction and encouraging guidance, perfectly crispy

Why does language move some of us to anxiety or even rage? For centuries, sticklers have donned the cloak of authority to control how people use words. In this sensational new book, Robert Lane Greene strikes back to defend the fascinating, real-life diversity of this most basic human faculty. Along the way, he corrects Bill Bryson ' s " facts " about words, challenges the rhetoric of Lynne Truss ' s bestselling *Eats, Shoots & Leaves*, and explains why

speech is a lot like jazz. Travel with Greene on a rollicking world tour that shows the role language beliefs play in shaping our identities, for good and ill. From the Tower of Babel to Atatürk ' s banning of Arabic script, he charts how language “ experts ” moved from myth-making to rule-making and from building cohesive communities to building modern nations. This enthralling book reveals that our arguments about language may relate to something else entirely, and illuminates the rewards of being flexible with our words. You Are What You Speak will certainly get people talking. ‘ This is a masterly survey of language ... erudite and witty. ’ —Julian Burnside ‘ An erudite and provocative argument. ’ —The Age Robert Lane Greene is an international correspondent for the Economist, and a former
