Whether an executive is seeking a position at a microbrewery or SAP software consulting firm, The Directory of Executive Recruiters has the contacts who can make or break a job search. Known to insiders since 1971 as the Red Book, the 2003 edition contains detailed information on over 14,700 recruiters at more than 7,800 offices in North America.

13,000+ recruiters 6,000+ firm locations FREE access to the latest online listings The Directory of Executive and Professional Recruiters, otherwise known as the Red Book, is the premier junior, senior and executive-level job seekers guide for researching and contacting recruiting firms that will best facilitate their career goals. Five easy-to-search indexes include: 84 Job Placement Areas (type of job) 120+ Industries (type of company)) 400+ Individual Recruiter Specialties) Geographical (by city and state)) A-Z Listing

The paperback edition of The Directory of Executive Recruiters is a quick but thorough reference for career changers and job-seekers to contact search firms that match their areas of expertise. Using the same database as the Corporate Edition above, it concentrates on North American firms. Internal information such as firm revenues, number of recruiters, etc., is not included. Introductory material helps guide job-seeker expectations with strategies for using recruiters as part of overall career management. "Anyone looking to turn headhunters' heads should have a copy of the Directory." --William Flanagan, Senior Editor, Forbes

Offers advice for candidates and clients, and lists both retainer and contingency recruiting firms

Like a dating service, this edition (updated since the initial 1996 one) guides all levels of executives to the job recruiters most likely to match their industry and salary requirements. To avert perils akin to blind dating, a state-by-state recruiter directory and recruiter index by industry are provided, as well as a briefing on strategies for best utilizing both retainer and contingency-based search firms. Recruiter listings include contact information, minimum salary placed, and specialty area(s), but not fees, Internet presence, or any evaluative data on their placement record; nor is the overall success of such corporate "headhunters" addressed.
