The Routemaster bus – instantly recognizable as the classic red double-decker London Transport bus – is a British icon, and a symbol unmistakably associated with London. Now the Routemaster receives the famous Haynes Manual treatment. This book provides a unique perspective on owning, restoring and operating a Routemaster, as well as an insight into the design, development and anatomy of this remarkably resilient machine, which saw continuous service in London for over 45 years.

Upcoming starlet Missy Klein is getting married to Ian Lawson, founder of the SpinTrax recording label, and From This Moment, Nashville's hottest wedding planners, have gotten the contract to arrange the wedding. There's only one problem/cofounder and photographer Briana Harper had a college romance with Ian, and they're now stuck in a snowed-in cabin! With the relationship warming up faster than the weather outside, Briana and Ian start to reconnect...but Ian's abandonment of his own music career to pursue the business side of things has always irked Briana. She begins to ask herself if she could get together with Ian again, but how is that possible when he's getting married to the mother of his unborn child?

The purpose of this book is to cover essential aspects of vehicle suspension systems and provide an easy approach for their analysis and design. It is intended specifically for undergraduate students and anyone with an interest in design and analysis of suspension systems. In order to simplify the understanding of more difficult concepts, the book uses a step-by-step approach along with pictures, graphs and examples. The book begins with the introduction of the role of suspensions in cars and a description of their main components. The types of suspensions are discussed and their differences reviewed. The mechanisms or geometries of different suspension systems are introduced and the tools for their analysis are discussed. In addition, vehicle vibration is reviewed in detail and models are developed to study vehicle ride comfort.

The classic work that revolutionized the way business is conducted across cultures around the world.

Everything you need to pass the PRINCE2 with flying colors The PRINCE2 Study Guide, Second Edition, offers comprehensive preparation for the latest PRINCE2 exam. Covering 100 percent of the exam objectives, this guide provides invaluable guidance that will help you master both the material and its applications; indeed, a practice-centered approach helps you “learn by doing” to help you internalize PRINCE2 concepts on a deeper level. Although the exam is heavily focused on detailed business process, this guide’s accessible writing and real-world approach make learning fun. Each chapter poses a common project challenge, and walks you through the solution based on essential PRINCE2 principles. A year of FREE access to electronic study aids allows you to study anywhere, at any time, and expert instruction throughout breaks complex topics down into easily-digestible concepts. The PRINCE2 exam is challenging, but thorough preparation is your best defense. Conceptual knowledge is important, but it isn’t enough—knowledge is only useful if you can apply it. This book is designed as your personal PRINCE2 coach: Master 100 percent of the PRINCE2 exam objectives Apply your knowledge to real-world workplace scenarios Test your understanding with challenging review questions Access sample questions, electronic flashcards, and other study aids PRINCE2 is globally recognized as one of the premier project management credentials; while less expansive than the PMP, the PRINCE2 is more intense and tightly focused on detailed business processes. Companies around the world are in need of qualified project management professionals to optimize processes and boost organizational performance—and the PRINCE2 certification puts you on the map as a validated professional. If you’re ready to take on your next challenge, the PRINCE2 Study Guide, Second Edition, is your ultimate companion for complete preparation.
