Love is often a mystery to teenagers — sometimes painful, other times glorious, always challenging. This book will help them understand and sort out their myriad feelings and experiences. Rather than merely offering one adult's opinions or reflections on love, Kirberger deftly combines material from teens dealing with firsthand adolescent love with that from adults sensitive to the special needs of teens. She includes original letters she has received from teens, along with her responses to their questions, concerns and confusion. This blend provides a wide-ranging perspective on love and relationships. It will enable teens to gain wisdom and choose more wisely when making decisions in love and relationships. This book is designed to guide teens through the maze of love and relationships in a gentle, understanding and compassionate way. It isn't a dos-and-don'ts manual, but rather a how-it-is-in-love guidebook. Teens will come to treasure it as a wise and loving counselor and companion. On the roller-coaster ride of teen love, this is one book no teen can afford to be without. Check out the companion book, , co-authored with Colin Mortensen of MTV's Real World/Hawaii.

Did you not see me?, He asked her while holding her arms tight. His eyes are fuming red in anger. "See you? See you where?" "In the library, damn it. Don't you dare try to ignore me again." He shouted while pulling her closer to his chest. "Come on, it's nothing like that. I was just busy with Nisha discussing the project. And now Leave me, you are hurting me." She said while trying to get off from his grip. "Shut up! Just shut up!" You can never be busy with anyone when I'm there in front of you. Do you get that? "What the hell? We are friends and how can you shout....", her words cut off by him as he smashed her lips with his roughly. She pushed him and tried to free herself but unable to move him an inch. He pulled her hair back and warned her, "I'm not just your friend, remember that. You are mine and only mine. And I will not allow you to be busy with anyone except me." Fahad, a tall, rich, very handsome, friendly guy with a great sense of humor. Every girl dies hard to be with him. He flirts around with every girl and girls enjoy his company. A national indie bestseller! Meet Anna K: every happy teenage girl is the same, while every unhappy teenage girl is miserable in her own special way... At seventeen, Anna K is at the top of Manhattan and Greenwich society (even if she prefers the company of her horses and dogs); she has the perfect (if perfectly boring) boyfriend, Alexander W.; and she has always made her Korean-American father proud (even if he can be a little controlling). Meanwhile, Anna's brother, Steven, and his girlfriend, Lolly, are trying to weather an sexting scandal; Lolly's little sister, Kimmie, is struggling to recalibrate to normal life after an injury derails her ice dancing career; and Steven's best friend, Dustin, is madly (and one-sidedly) in love with Kimmie. As her friends struggle with the pitfalls of ordinary teenage life, Anna always seems to be able to sail gracefully above it all. That is...until the night she meets Alexia "Count" Vronsky at Grand Central. A notorious playboy who has bounced around boarding schools and who lives for his own pleasure, Alexia is everything Anna is not. But he has never been in love until he meets Anna, and maybe she hasn't, either. As Alexia and Anna are pulled irresistibly together, she has to decide how much of her life she is willing to let go for the chance to be with him. And when a shocking revelation threatens to shatter their relationship, she is forced to question if she has ever known herself at all. Dazzlingly opulent and emotionally riveting, *Anna K: A Love Story* is a brilliant reimagining of Leo Tolstoy's timeless love story, *Anna Karenina*—but above all, it is a novel about the dizzying, glorious, heart-stopping experience of first love and first heartbreak.

Allie Parker is falling for Ben while home on Christmas break but he is a part of her sister's crowd and totally wrong for Allie.

From the bestselling author of *Frankly in Love* comes a contemporary YA rom-com where a case of mistaken identity kicks off a string of (fake) events that just may lead to (real) love.

An irresistible reimagining of the Robin Hood legend, *Maid Marian* brings to life the rollicking--and romantic--world of the Middle Ages. An orphan and heiress to a large country estate, Marian Fitzwater is wed at the age of five to an equally young nobleman, Lord Hugh of Sencaster, a union that joins her inheritance to his, vastly enriching his family. But when she is seventeen, Lord Hugh, whom she hasn't seen in years, dies under mysterious circumstances, leaving her alone--a widow who has never been a bride. Like all unmarried young ladies of fortune, she is made a ward of Richard the Lionheart, England's warrior king. With King Richard away on Crusade, Marian's fate lies in the hands of his mother, the formidable Queen Eleanor of Aquitaine, who will arrange her second marriage. The lucky bridegroom will get Marian's lands and, in return, pledge his loyalty--and silver--to King Richard. Marian herself is irrelevant and she knows it. Determined not to be sold into another sham marriage, she seeks out the one man whose spies can help uncover the queen's plans--Robin Hood, the notorious Saxon outlaw of Sherwood Forest. Marian is surprised to discover that the famed "prince of thieves" is not only helpful but handsome, likable and sympathetic to her plight. Following her plan, Robin's men intercept a letter from Queen Eleanor, from which Marian learns, to her horror, that she is to marry her late husband's brother. His family's history of mysterious deaths, puts Marian in grave danger. Once married, her land becomes theirs and they can easily dispose of her--a fate she may have only narrowly escaped already. On the eve of her wedding, Robin Hood spirits Marian back to the forest. Queen Eleanor believes her to be dead, allowing Marian to begin a new life with Robin Hood's outlaws, who pledge to help her regain her fortune and expose the treachery of her enemies.

* "Konigsberg demonstrates once again why he is one of the major voices in LGBTQ literature." -- Booklist, starred review
Max: Chill. Sports. Video games. Gay and not a big deal, not to him, not to his mom, not to his buddies. And a secret: An encounter with an older kid that makes it hard to breathe, one that he doesn't want to think about, ever.
Jordan: The opposite of chill. Poetry. His "wives" and the Chandler Mall. Never been kissed and searching for Mr. Right, who probably won't like him anyway. And a secret: A spiraling out of control mother, and the knowledge that he's the only one who can keep the family from falling apart. Throw in a rickety, 1980s-era food truck called Coq Au Vinny. Add in prickly pears, cloud eggs, and a murky idea of what's considered locally sourced and organic. Place it all in Mesa, Arizona, in June, where the temp regularly hits 114. And top it off with a touch of undeniable chemistry between utter opposites. Over the course of one summer, two boys will have to face their biggest fears and decide what they're willing to risk -- to get the thing they want the most.
