So a little bit about That's the Way We Met. This book was the second one I read by an Indian author, the first being Chetan Bhagat's Two States (another mentally exhausting read – not as bad as this one though – but I won't go into that today). The plot traces the romantic path of the narrator Arjun and his beau Riya's relationship in the forefront of a lot of different (mostly irrelevant) events that take place in the backdrop – such as Arjun's teamleader/friend's rapidly ...

Emmy-award winning gadfly Rowe presents a ridiculously entertaining, seriously fascinating collection of his favorite episodes from America's #1 short-form podcast, *The Way I Heard It*, along with a host of memories, ruminations, illustrations, and insights.

NEW YORK TIMES BESTSELLER The oldest cultures in the world have mastered the art of raising happy, well-adjusted children. What can we learn from them? “*Hunt, Gather, Parent* is full of smart ideas that I immediately wanted to force on my own kids.” —Pamela Druckerman, *The New York Times* Book Review When Dr. Michaeleen Doucleff becomes a mother, she examines the studies behind modern parenting guidance and finds the evidence frustratingly limited and often ineffective. Curious to learn about more effective parenting approaches, she visits a Maya village in the Yucatán Peninsula. There she encounters moms and dads who parent in a totally different way than we do—and raise extraordinarily kind, generous, and helpful children without yelling, nagging, or issuing timeouts. What else, Doucleff wonders, are Western parents missing out on? In *Hunt, Gather, Parent*, Doucleff sets out with her three-year-old daughter in tow to learn and practice parenting strategies from families in three of the world’s most venerable communities: Maya families in Mexico, Inuit families above the Arctic Circle, and Hadzabe families in Tanzania. She sees that these cultures don’t have the same problems with children that Western parents do. Most strikingly, parents build a relationship with young children that is vastly different from the one many Western parents develop—it’s built on cooperation instead of control, trust instead of fear, and personalized needs instead of standardized development milestones. Maya parents are masters at raising cooperative children. Without resorting to bribes, threats, or chore charts, Maya parents rear loyal helpers by including kids in household tasks from the time they can walk. Inuit parents have developed a remarkably effective approach for teaching children emotional intelligence. When kids cry, hit, or act out, Inuit parents respond with a calm, gentle demeanor that teaches children how to settle themselves down and

think before acting. Hadzabe parents are experts on raising confident, self-driven kids with a simple tool that protects children from stress and anxiety, so common now among American kids. Not only does Doucleff live with families and observe their methods firsthand, she also applies them with her own daughter, with striking results. She learns to discipline without yelling. She talks to psychologists, neuroscientists, anthropologists, and sociologists and explains how these strategies can impact children's mental health and development. Filled with practical takeaways that parents can implement immediately, *Hunt, Gather, Parent* helps us rethink the ways we relate to our children, and reveals a universal parenting paradigm adapted for American families.

What if you already met the soul mate you were destined to be with? And you didn't even know it? After losing her best friend to cancer, Corinne's life is in flux. She has moved back to Chicago, is considering her next career move (or temp job), and has absolutely no time to look for love--until a mysterious dating app called *Met* suddenly appears on her phone, and with it, an invitation for Corinne to reconnect with four missed connections from her past. One of them, *Met* says, is her soul mate... Corinne doesn't believe the app for a second, but when she very quickly finds herself with back-to-back blasts from the past, she'll have to consider if maybe she's wrong about it. The thing is, Corinne's also been introduced to a really great guy outside the app's influence. As their feelings for each other grow, Corinne has to wonder: With her apparent true love still out there, should she tap yes to the next match? With help from a new group of friends, her loving if annoying family, and maybe a touch of fate, can Corinne come to terms with the loss she's still reeling from, take control of her career, and find love along the way?

Why don't we feel the moment when we fall in love but always remember when it ends? Akash is young, single and conservative with a preference for girls with brains than in miniskirts. One day, he runs into free-spirited Aleesha at a local discotheque. A mass-media student, Aleesha is a pampered brat, the only child of her parents who dote on her. This brief meeting leads them to exchange their BlackBerry PINs and they begin chatting regularly. As BlackBerry plays cupid, they fall in love. When they hit a rough patch in their life, Aditya, Akash's close pal, guides them through it. But just when they are about to take their relationship to the next level, a sudden misfortune strikes. Can Aditya bring Akash's derailed life back on track? *It Started with a Friend Request* is a true story which will make you believe in love like never before.

"In this powerful short fiction, Mary Gaitskill--whose searing honesty about gender relations has been legendary since the appearance of *Bad Behavior* in the 1980s--considers our moment through the lens of a particular #metoo incident. The effervescent and well-dressed Quin, a successful book editor and fixture on the New York arts scene, has long been one of Margot's best friends. When several women in his field accuse him of inappropriate touching and remarks, Gaitskill builds the account of his undoing through Quin and Margot's alternating voices, allowing readers to experience Quin as a whole person--one whose behavior toward women could be hurtful and presumptuous on the one hand, and keenly supportive on the other. Margot, an older woman who alternately despairs of and sympathizes with the positions of the younger women involved in Quin's case, is the thrumming engine of this remarkable piece of truth-telling. As Gaitskill has said, fiction is the only way that she could approach this subject, which she sees as subtly colored in shades of gray, rather than the black and white of our current conversations. Her compliment to her characters--and to her readers--is that they are unvarnished and real; her belief in our ability to understand them, even when we don't always admire them, is a beacon of humanity from one of our greatest contemporary writers"--

One night, when Ethan reaches under his bed for a toy truck, he finds this note instead: "Monsters! Meet here for final test." Ethan is sure his parents are trying to trick him into staying under the covers, until he sees five colorful sets of eyes blinking at him from beneath the bed. Soon, a colorful parade of quirky, squeaky little monsters compete to become Ethan's monster. But only the little green monster, Gabe, has the perfect blend of stomach-rumbling and snorting needed to get Ethan into bed and keep him there so he falls asleep—which as everyone knows, is the real reason for monsters under beds. With its perfect balance of giggles and shivers, this silly-spooky prequel to the award-winning *I Need My Monster* and *Hey, That's MY Monster!* will keep young readers entertained.

The New York Times Bestseller and Reese Witherspoon Book Club Pick “This love story between Lucy & Gabe spans decades and continents as two star-crossed lovers try to return to each other... Will they ever meet again? This book kept me up at night, turning the pages to find out, and the ending did not disappoint.”—Reese Witherspoon “One Day meets Me Before You meets your weekender bag.”—The Skimm “Extraordinary.”—Emily Giffin He was the first person to inspire her, to move her, to truly understand her. Was he meant to be the last? Lucy is faced with a life-altering choice. But before she can make her decision, she must start her story—their story—at the very beginning. Lucy and Gabe meet as seniors at Columbia University on a day that changes both of their lives forever. Together, they decide they want their lives to mean something, to matter. When they meet again a year later, it seems fated—perhaps they'll find life's meaning in each other. But then Gabe becomes a photojournalist assigned to the Middle East and Lucy pursues a career in New York. What follows is a thirteen-year journey of dreams, desires, jealousies, betrayals, and, ultimately, of love. Was it fate that brought them together? Is it choice that has kept them away? Their journey takes Lucy and Gabe continents apart, but never out of each other's hearts. This devastatingly romantic debut novel about the enduring power of first love, with a shocking, unforgettable ending, is *Love Story* for a new generation. “It's the epic love story of 2017.”—Redbook
