Twelve-year old twins, Mika and Ellie, live in a future behind a wall \- safe from the plague animals beyond. Or so they've been told. But when one of them disappears, and the other takes part in a sinister virtual reality game, they begin to discover their concrete world is built on lies. As they go in search of the truth, and a strange sound in their heads grows to a roar, they find out that children and the planet have never mattered more.

Listen -- can you hear it? The explosive sequel to THE ROAR! From a whisper...to a scream! Telepathic twins Mika and Ellie at last are reunited. But if they're ever to free the brainwashed, microchipped child soldiers, they must pretend to play along with the tyrant Mal Gorman's maniacal plan, even as they mind-read his every evil thought. Members of an elite squadron of mutants, the brother and sister have specialized skills that will enable them to steal the top-secret formula for an age-reversing drug developed by rebel scientists on the wild side of The Wall. Juiced by these potent pills, the cadaver-like Gorman foresees a future in which he'll be forever young - released from the machinery that now supports him. Unless, that is, Ellie and Mika have a master plan of their own: to bring the all-powerful Gorman to his knees, and face-to-face with his greatest fear.

Twins Mika and Ellie have an unusual talent: the ability to hear what others are thinking. Their mission: keeping track of the thoughts of a tyrannical leader and his brainwashed child army. That's when they begin to hear The Whisper ...

In a world where all signs of nature have been obliterated and a wall keeps out plague-ridden animals, Mika refuses to believe that his twin sister was killed after being abducted, and continues to search for her in spite of the danger.
