The manual, prepared by David Mills, professor emeritus at the College of the Redwoods in California, provides solutions for selected odd-numbered end-of-chapter problems in the textbook and uses the same side-by-side format and level of detail as the Examples in the text.

This solutions manual for students provides answers to approximately 25 per cent of the text's end-of-chapter physics problems, in the same format and with the same level of detail as the worked examples in the textbook.

New Volume 2B edition of the classic text, now more than ever tailored to meet the needs of the struggling student.

The Sixth Edition of Physics for Scientists and Engineers offers a completely integrated text and media solution that will help students learn most effectively and will enable professors to customize their classrooms so that they teach most efficiently. The text includes a new strategic problem-solving approach, an integrated Math Tutorial, and new tools to improve conceptual understanding.
