teaching the logic of this field, which traditionally was part of every natal astrologer's work. Included are natal, horary, and electional methods, as well as an extensive history of medical astrology and its uses. Dr. Lehman offers the traditional astrological methods for this system, also emphasizing that medical astrology was always an adjunct to medicine, not a complete system by itself. This book is designed for the intermediate student in astrology who wants to learn the basics of how this system works. Both theory and practice of these methods are taught.

A treasure chest of traditional medical astrology is opened in the modern age, explaining methods for diagnosis, prognosis, and treatment in a clear, practical fashion.

Using methods developed by ancient Astrologers, Lee Lehman works to strengthen techniques used by Astrologers today. The task of Classical Astrology today is twofold: to recover these techniques and to evaluate and understand them within a modern context. She presents both techniques and the logic behind them to radically improve all Astrology, regardless of whether the practitioner chooses to adopt a Classical or Neo-Classical approach. She analyzes the charts of several famous people and events to demonstrate the techniques and their effectiveness.

Solar returns employ the astrological technique of reading the next year's activity for a chart calculated for when the transiting Sun returns to its natal position. Almost every Western astrologer has tried to use solar returns. However, there have been so many methods proposed, that the beginner in this technique is often bewildered about how to get the core meanings out of this system. Dr. Lehman uses 240 examples, including one example of 11 consecutive returns, and another with 41 consecutive returns, as well as other examples by subject, to illustrate not only the cycles found within solar returns, but how to apply them. Learn about solar returns for relationships, jobs, financial success, children, relocation, education, honors, medical issues, as well as death. Dr. Lehman takes you through the method, the application, and the kinds of issues raised by this method.

Now you can understand how astrologers comprehend environmental issues of the 21st century. In this ground-breaking work, traditional astrological methods for assessing outer planet cycles, then the full integration of the meanings of the upcoming Neptune and Pluto cycles through 2065, are studied in depth. A full history is presented with over seventy complete examples of how the Aries Ingress charts and the Jupiter-

Electional Astrology addresses the age-old challenge of creating charts for inceptions, such as the start of an activity or an entity (like a corporation). Electional is a popular request among astrology clients who often ask for dates and times to start a business, sell a property or car, start a job, a marriage, or an educational program. In this groundbreaking work, Dr. Lehman presents the traditional astrological methods for these and many types of events, fully updated to modern life. Find out how to use the ancient rules for warfare to pick a time for a divorce, a strike, or a lockout. Explore events as diverse as running in a marathon, picking a time to execute a medical power of attorney, or filing one's taxes. This comprehensive book presents a full history, as well as over 113 completed examples detailing how electional astrology charts work. These methods do not require prior knowledge of classical astrology, although it would be helpful.

Faulkner reveals how the ancient wisdom of the stars can empower you to get the most out of life. Faulkner's method is not about nebulous predictions or fate. It's about discovering the qualities, good and bad, associated with your natal chart—the position of the planets at the time of your birth—and using that knowledge to inform your decisions and relationships. Easy to use and designed as both an introduction for the cosmically curious and a deep dive for experienced spiritual seekers, this guide shows you how to interpret your chart, find balance, and reconnect with yourself. Consult The Signs to learn what to do when:

- You're an inflexible Taurus, resistant to change. (Create things. Even a home-cooked meal will heal you in wondrous ways.)
- You live with an argumentative Aries. (Never fight fire with fire. Wait till your partner calms down to discuss your feelings.)
- You have Capricorn influence. (Shed the need to conform. Structure is important, but it needs to be flexible enough to change as we grow.)

This reference lists the 4,000+ asteroids named in almost two centuries and explains how the asteroids relate to the events in the lives of the persons, places and objects they share names with.
