The effective Christian witness will live his/her life above reproach in the power of the Holy Spirit, whose fruit we exhibit when we remain in Christ (John 15:1-8; Galatians 5:22-23). Perhaps most importantly, we must be familiar enough with the Scriptures to be able to accurately and coherently present the gospel to others.

groundbreaking portrait of the Pope as a man, a thinker, and a leader whose religious convictions defined a new approach to world politics—and changed the course of history. As even his critics concede, John Paul II occupied a unique place on the world stage and put down intellectual markers that no one could ignore or avoid as humanity entered a new millennium fraught with possibility and danger. The Pope was a man of prodigious energy who played a crucial, yet insufficiently explored, role in some of the most momentous events of our time, including the collapse of European communism, the quest for peace in the Middle East, and the democratic transformation of

Petting Tigers is not a gritty, edgy "trauma memoir." Nor is it a shocking expose of a corrupt religious sect. It's about having one's mind washed away and replaced with

hypnotic rote beliefs that are self-destructive and make no sense in the real world. Petting Tigers is a story about overcoming huge obstacles when you think you have no resources, internal or external to do so - and about reclaiming your life when everything around you tells you that it's too late. Petting Tigers is about imagining and achieving a way out and the slow, clumsy steps that inevitably follow a rebirth.
