According to Forsberg

Bookmark File

PDF Cultural

Lundell and Barthning (this volume) cultural migrants are people who decide 'out of their free will, to move to another country permanently and learn another language. The culture of the target language country is highly appealing to them and they make an active choice to live in this new culture'.

**Acquisition - Fanny
Acquisition**

Immigrants arriving during childhood effortlessly acquire the primary language of the host country.

Language skills increase with time spent in the destination country through exposure and learning by doing.
