### What Is Attachment Parenting? Theory, Examples, Pros and Cons

Attachment Essay. Attachment is an emotional bond, usually between child and parent, characterized by the child's tendency to seek and maintain proximity to the parent, especially under stressful conditions. John Bowlby, a British psychoanalyst, developed attachment theory in the 1950s and 1960s as a way of explaining certain elements of personality and of psychopathology that were not already accounted for by other psychoanalytic theorists.

### Attachment Essay - Psychology Essay Examples - EssayEmpire

Attachment is defined as the emotional bond between people, particularly in long term relationships like parent and child, peer friendships, and adult romantic relationships. The theme of attachment theory is that a caregiver who is responsive to an infant's needs allows the infant to feel secure, happy, healthy, and well taken care of (Bowlby's Ethological Theory).
