John Law and the Mississippi Bubble: 1718-1720. By Jon Moen. In the early 18th century the economy of France was depressed. The government was deeply in debt and taxes were high. In addition, the French controlled the colony of Louisiana, a vast settlement in the interior of North America.

John Law and the Mississippi Bubble: 1718-1720 ...

Money and Trade Considered: With a Proposal for Supplying the Nation with Money is an early economics text written by John Law of Lauriston, published in 1705. In it, he attempts to compare the prosperity of other countries with that of Scotland, and advocates a "land bank" system of paper money backed by real estate as a commodity instead of gold or silver.

John Laws - Biography - IMDb

John then intervened in the stormy politics of his county of Poitou and, while trying to settle the differences between the rival families of Lusignan and Angoulême, himself married Isabella (August 1200), the heiress to Angoulême, who had been betrothed to Hugh IX de Lusignan. This politically conceived marriage provoked the Lusignans into rebellion the next year; they appealed to Philip II, who summoned John to appear before his court.
