The radios (w/o bezels) install from the rear of the assembly. Therefore, CNI5000 versions of the Silver Crown product line (i.e. KN-53 -04, KT-70 -1101, KT-71 -6101, KY-196A -50, KY-196B -0201) do not have a bezel so that the radios can be installed in a stand alone installation. Furthermore, the CNI5000 radios have 5 volt lighting.

I don't have a manual with me, but I can tell you that the KN53 does not use an LCD display. It is a gas-discharge display that only Bendix/King dealers can get from the manufacturer. Replacing them is not that complicated, although there are some very fragile contacts that support that display. What is your display doing exactly?
