Manual juice extractors give you the most control over your juice production because you can feel how much pressure is being placed on your fruit, wheatgrass, or other food. Manual juicers are also great for outdoor bartending settings or orchard juice stands because they don't require access to electrical outlets.

The ergonomic handle provides a secure grip to help you press down onto the fruit, while the wide cast-iron base provides balance and stability. Its 18/8 stainless-steel strainer and funnel can accommodate a variety of citrus fruit (up to five inches in diameter) and filters out seeds and pulp while channeling fresh juice directly into your glass.
