Americanization is the influence American culture and business has on other countries outside the United States, including their media, cuisine, business practices, popular culture, technology or political techniques. The term has been used since at least 1907. While not necessarily a pejorative term, it is most often used by critics in the target country who are against the influences. Americanization has become more prevalent since the dissolution of the Soviet Union in 1991 and especially sin
