The Revolution Trade The Revolution

The Revolution Trade: A Merchant Princes Omnibus (Paperback) by Charles Stross Hokay... I finally finished this series. And it was a slog, make no mistake about it. I'm not going to get into plot, and subplot twists and turns. But I will say that the author stumbles to a mostly unhappy ending here.

The Revolution Trade by Charles Stross - Goodreads

The first half of "The Revolution Trade" was originally the fifth of six books, and seems to be a single-handed attempt to redefine the idea of "longeur". It crawls like a glacier with no sense of purpose beyond a blind impulse to grind your soul to dust.

The Revolution Trade: A Merchant Princes Omnibus: Stross ...

In the 1820s and 1830s, a market revolution was transforming American business and global trade. Factories and mass production increasingly displaced independent artisans. Farms grew and produced goods for distant, not local, markets, shipping them via inexpensive transportation like the Erie Canal. Government policies fostered the growth of capitalism.

A Market Revolution | National Museum of American History

The Market Revolution (1793-1909) in the United States was a drastic change in the manual-labor system originating in the South (and soon moving to the North) and later spreading to the entire world. Traditional commerce was made obsolete by improvements in transportation, communication, and industry.

The Market Revolution | Boundless US History

This proves that the slave trade was highly involved in the industrial revolution. Huge profits were being made by investors, merchants and plantation owners and they were investing these profits into banking, insurance and the development of industries which allowed Britain to develop and advance in technology.
